

Level 3 Certificate In Occupational Health and Safety

Is this course right for me?

This NVQ Level 3 is for those with health and safety responsibilities in their current role, or are just beginning a career in occupational health and safety.

The course Process

- The process begins with a induction session to confirm that you are registered on the right qualification for you.
- Proof of your experience , much of it in the form of work related documents and photographs, is collected in a portfolio by either Drop box, email or in a hard copy file.
- A Visiting Assessor will review your portfolio of evidence with you, and carry out observations of you at work
- In Addition and within the Assessor visit within your work place your knowledge of your work role is captured through either written questions and answers, reflective accounts or professional discussion with your Assessor which is often the preferred route as in can be completed in a few hours .

What makes this course so popular?

- The course provides the opportunity to prove your skills and knowledge even if you have no other formal qualifications
- Can be achieved without attending a College or taking an exam
- Can be achieved in a relatively short period
- The course is certificated by Industry Qualifications
