

NVQ Level 6 Construction Contracting Operations Diploma

The NVQ Level 6 Construction Contracting Operations Diploma is aimed at Managers working in a wide range of site or office based roles in the construction industry. It covers competency standards in Planning; Estimating; Surveying and Buying. If you have sufficient experience, but do not have the required NVQ qualification to register for your CSCS card then this service is for you. Our unique approach can help you complete this in as little as eight weeks.

The CSCS card is fast becoming a national safety & skills standard for individuals and companies in the construction industry. The government aims to register every competent construction worker through the CSCS scheme. Many companies are now being asked to certificate their workforce in order to qualify for government and local authority contracts.

The Process?

Unlike most qualifications this one takes place mainly at work

- The process begins with a Induction session to confirm that you are registered onto the right qualification
- Proof of your experience, much of it in the form of work related documents and photographs, is collected in a portfolio and submitted via Drop box, email or in a hard copy file
- An Assessor will review your portfolio of evidence with you, and carry out observations of you at work at a time to suit your commitments.
- Your knowledge of your work role is captured through either written questions and answers, reflective accounts or professional discussion with your Assessor which is often the preferred route as it can be completed on one day

There are core mandatory units included in this qualification:

- Maintain health, safety and welfare systems
- Manage the performance of teams and individuals
- Chair meetings and take decisions
- Enhance working relationships

Additional units are required and are dependant upon the qualification within this suite that is best for you.

The course provides the opportunity to prove your skills and knowledge even if you have no other formal qualifications

- Can be achieved without attending a College or taking an exam
- Can be achieved in a relatively short period
