

# NVQ Level 6 Construction Site Management Diploma

## **Black CSCS Managers Card pathway and route to potential CIOB Membership.**

The NVQ Level 6 Construction Site Management qualification is aimed at experienced Site Managers, currently in a site management role. Our unique approach can help you complete in as little as eight weeks if you can commit the time, but it will always be tailored around your current commitments. If you have the right amount of experience, but not the right qualification - this route is ideal. This is the flexible pathway for Site Managers or Assistant Site Managers to get their Black CSCS card which is a nationally recognised standard in the construction industry.

## **The NVQ Level 6 Construction Site Management qualification course requirements .**

Unlike most qualifications, this NVQ takes place mainly at work and you can decide how long it takes you to complete .

- You will demonstrate your performance by providing documentary evidence of you carrying out the role of a Site Manager - you can do this in Drop box, by email or in a file - whichever works best for you - we give you a list of which documents you need to provide. The dropbox app is invaluable to use on this qualification as you can gather a vast amount of evidence around your job location and load it directly into your relevant evidence folder.
- An Assessor will come and visit you on site, where he/she will review your evidence with you - we are nationwide so our assessors will come to you anywhere in mainland England. Your knowledge of site management is captured through either written questions and answers or a professional discussion with your Assessor, which is often the preferred route as this can be completed in one day

## **What will I need for the course?**

To fast track on the NVQ Level 6 Construction Site Management Diploma, you ideally need to have at least 2 years Site Management experience and be in a Site Manager/Acting job role when the Assessor comes to see you. If you have less experience it may take you longer to complete, but you could still enrol and meet the required criteria.

## **What makes the NVQ Level 6 Construction Site Management Diploma course so popular?**

- The course provides you with the opportunity to prove your skills and knowledge even if you have no other formal qualifications
- It can be achieved without attending a College or taking an exam
- It can be completed in a relatively short period of time
- Is a recognised by CIOB
- Upon completion you can apply for your Black CSCS card through CSCS with your unique learner number shown on your current CSCS Card held

## **Further information**

There are 19 mandatory units in the NVQ Level 6 Construction Site Management Diploma - we will work with you to develop a Personal Development Plan to set your pathway to complete all the required evidence. This can be captured and placed in your secure drop box through your PC or Dropbox app on a smart phone while you work for some aspects of the evidence required.
